

schlauVV for school children and apprentices

- Saving is really easy with the **schlauVV School Card**: you can save up to 60% (depending on the price category) compared to a monthly travel ticket. For only €49.00 per month, school children can enjoy unlimited travel throughout Saarland. And with the new sibling discount*2 things become cheaper still, as siblings who also use the schlauVV School Card travel at a reduced fare.
- The **schlauVV Apprentice Card** is our smart travel option for apprentices. Whether it's for travel to work or to vocational college, or for use in free time, apprentices can travel throughout Saarland as they please for as little as €59.00 per month. With an employer subsidy, there are even more savings to be made. Companies and organisations that take out subscriptions for their apprentices benefit from particularly favourable terms. These savings are passed on to the apprentices. With an employer subsidy, apprentices only pay a maximum of €29.00 per month!

*2 This reimbursement is only available upon request after the end of a billing cycle. The billing cycle is always one calendar year. More information at www.saarvv.de
